

## Montessori School in Kleinburg

### Distance Learning Program

Dear Toddler Families,

Our past couple of school years looked a little different as we were challenged with the Covid-19 Virus. We all faced uncertainty and change at a level that we have never experienced before. These were challenging times for everyone and we hope that this finds you safe and healthy! **Currently MSK is operating IN-PERSON for our 2022-2023.** Should we need to resort to Distance learning due to a mandated shut down, kindly see below the Toddler Distance Learning Program for your reference:

Our commitment to you is to keep providing quality early education to the little ones we miss so much. In this tough time, it's important that we count our blessings, and a big one is that we have technology that we can use to keep connected during this time. Our teachers have come together to provide you with routine and activity ideas, as well as distance learning options. In this process, we are open to feedback on how to serve and support all families that we work with.

What does this include? See below:

- 20 to 30 minute daily Zoom Calls which include the signing of our National Anthem, Language enrichment lessons, Cognitive and Sensorial development through teacher guided activities
- Experienced Montessori and ECE staff with more than 10 years of experience
  - Community Toddler Time
  - Provide daily Toddler Montessori Curriculum activities sent via email
- 1:1 Teacher and Parent calls to discuss and create an individualized program for your child
  - Offer French and Italian Speciality Programs
  - Montessori Curriculum Workshops, May through July
- Craft Curbside Pick-up: Provide craft bags for families to pick up outside our school to implement art activities in the comfort of your home
  - Email correspondence from your teachers daily

We are deeply grateful to offer this program to all of you. Thank you for your interest in joining our MSK school community. We will get through this together!

Stay Safe and Well,

Principal Vincenza Marzano-Kooner and the Toddler staff of MSK
